NUMBER 11.

KENTUCKY'S FINE DIS- PLAYS AT WORLD'S FAIR TO BE RETURNED TO NEW STATE CAPITOL.

The good done by the Kentucky World's Fair Commission is not to be denied. The latter part of the magnificent exhibit of the State's products and resources made at the Louisiana Purchase Exposition is to be returned to the Commonwealth to become the nucleus of a permanent museum in the new Capitol at Frankfort. Plans in line with this action were formulated at a meeting of the commission held November 29th in Louisville.

The State Geological Bureau and the State Agricultural Experiment Station at Lexington are to be made custodians of the exhibits, subject to further disposition by the General Assembly. The mineral and forestry exhibits are to go to the Geological Board and the agricultural exhibit to the Experiment Station.

During the meeting President A. V. Ford called up Gov. Beckham by telephone, explained the plan and got his approval as provided in the bill making the appropriation.

It is the hope of the commission that a place will be made in the new State Capitol. As of the act of President Ford, or R. E. Hughes, the Secretary and Director of Exhibits, and of the Executive Committee were approved unanimously and a resolution adopted strongly commending them for the work done.

One act which was especially applauded was that of the sale of the Kentucky Building on such favorable terms. It will be remembered that when Kentucky was allotted a site for a State building at the exposition, the commission had to agree, as did all other commissions, to remove the building within sixty days of the close of the fair, clear the site of all rubbish and restore the grounds to shape and grade. To all estimates the Kentucky Commission has figured on absolutely no salvage from this source, believing it would cost as much to conform to the rules of the exposition in this regard as could be secured from the sale. This belief was natural, the Commission having for its guidance the results of wreckage at Chicago, when the California building, which cost \$85,000, was sold for \$500. After taking several bids on the Kentucky Building, some of the exhibitors wanting to charge the Commission for removing the structure, the bid of the Chicago Wrecking company, amounting to \$325, was accepted. This acceptance followed a statement by the architect of the Building as to the amount of salvage that might be expected from the building, which was only a few hundred dollars. The board complimented Mr. Ford very highly for getting rid of the contract with the exposition so advantageously. Other State Commissions consider themselves quite fortunate to get one per cent. of cost for their buildings.

The financial report made by the secretary showed that there would

be funds left on hand at the winding up of business to be turned back into the State treasury. This report also disclosed the gratifying information that no commission had spent the allowance for expenses made him by the Legislature. At least \$1,000 of the \$3,500 appropriated for Commissioners' expenses will not be spent.

The board decided to give the fine piano in the Kentucky Building to the Governor's mansion at Frankfort, to remain there for the use of Gov. Beckham and family and future governors and their families. This is the thousand-dollar piano donated to the Kentucky Exhibit Association by D. H. Baldwin & Co., of Louisville. It is made of Kentucky woods and the panels have painted on them Kentucky scenes.

LAND, STOCK AND CROP

Basil Mitchell sold Saturday 53 of the best hogs that were raised in this county. They averaged 272 pounds and brought \$4.25. —Harrodsburg Herald.

Reports from all over Ohio show that the young wheat is badly damaged by the drought. It has been situated in its growth and with water at hand the farmers and grain dealers say that the outlook is the most disheartening for years.

Great Britain is our best meat market. Out of something like \$186,000,000 worth of meat products exported she takes about \$18,000,000 worth, and of about \$52,000,000 worth of live stock she gets about \$40,000,000 worth. Although she carries more sheep to the acre than any other country, she annually imported—before the serious drought—a million carcasses of mutton from Australia, to say nothing of what she got from New Zealand, the Argentine and other countries.

NO MORE SUFFERING.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thompson of Spencer, Ia., says: "Have had dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or 'dyspepsia' should use it." Sold by Mt Vernon Drug Co.

Total Vote Cast at the Last General Election.

The total vote cast in the State of Kentucky, as shown by the official record in the Department of the Secretary of State, completed Monday, is 435,764. Of this number, the leading Democratic elector received 217,170 votes, a majority over the leading elector of 11,853 votes. The vote cast for the first Republican elector was 205,277. The next largest number of votes was received by the Prohibitionist electors, for whom 6,609 votes were cast. The People's Party electors received but 2,511 votes, while the Socialist electors polled 3,602. The Socialist Labor electors received only 595 votes in the State.

The largest vote polled in a single county by the leading elector of the two big parties was, of course, in the county of Jefferson. The smallest number of votes cast in a county for the Democratic electors was 71, in the county of Leslie while the smallest Republican vote in a county was 334, in the county of Gallatin. The Prohibitionist electors were voted for in every county of the State with the single exception of the county of Letcher. In twelve counties, Breathitt, Elliott, Floyd, Grant, Jackson, Leslie, Letcher, Magoffin, Montgomery, Owsley, Perry and Robertson, the electors of the People's party did not poll a single vote. In twenty-two counties no ballots were cast for the Socialist party, and in forty-four counties the electors of the Socialist Labor party were not voted for at all.

The last county to send in returns was the county of Harrison, in which they were held up by actions instituted in court in the Kehoe-Bennett congressional race in the Ninth district. As certified, Mr. Kehoe received in that county 2,670 votes, and Mr. Bennett received 1,520 votes. On the face of it returns from the entire district, Bennett won the certificate of election by 44 majority. The State Election Commission will at once issue a certificate to him.

A CERTAIN CURE FOR CROUP.

When a child shows symptoms of croup there is no time to experiment with new remedies, no matter how highly they may be recommended. There is one preparation that can always be depended upon. It has been in use for many years and has never been known to fail, viz: Chamberlain's Cough Remedy. Give it a quick cure is sure to follow. Mr. M. F. Compton of Market, Texas, says of it: "I have used Chamberlain's Cough Remedy in severe cases of croup with my children, and can truthfully say it always gives prompt relief." For sale by Chas. C. Davis.

Doctor—What! your dyspepsia no better? Did you follow my instructions and drink hot water an hour before breakfast?

Patient.—I tried to doctor, but I was unable to keep it up for more than ten minutes at a stretch.

LEVEL GREEN

How many of you readers of the Signal ever tried to write an article for a newspaper? It's a hard matter to keep up with all the non-pronunciations that has of late been engrained on us by the "Committee of Ten" who were called and ordained to revise English words, their meaning and proper pronunciation. Only a "little too" of them adhered to the ancient rules and customs laid down by the fathers, but the majority said: "We must have something new, keep up with the times, progress and expand." The days of Noxy Webster and his Blue Back have past and they are numbered with the things that used to waz—sleeping the sleep that knows no waking in the tongueless silence of the dreamless dust. O, my, how poetic they did get to be all at once. I'll bet a coon skin tail and all that one of "The Ten" can't spell within fifty words or the end of the Blue Back or define half the words it defines for them, poor silly critters. But then we must travel fast in this day of Roosevelt and expansion, keep up with progress and the times. But I say man's education is not complete without a thorough knowledge of the old book, neither is his library finished without two or three copies of them in a conspicuous place therein.

Well, Bro. A., noose is cease as running water in Possum Holler. No trades, no drunks or fires, no marriages or births, no, nothing of a sensational nature, everybody seems to be at peace and in love with everybody else sense the primary passed in the way it did. Everything went republican on that day. Why, bless your life, a great big lot of democrats voted in the primary too just to try it. I suppose. The next thing—well, just wait and see.—I hear some of the late aspirants, well they can't just tell the outcome. Contests and rumors of contests are afloat among them, but the army good at pacifying the discontented.

We see that Dick Warren, Birch, Herrin, Hill, Singleton, &c., were nominated in Lincoln. Matters and things, politically, stand mighty different in Lincoln and Rockcastle.

Here a nomination is equivalent to an election, but in Lincoln eleven months of hard labor must be performed. So just up and at 'em with all your might boys, never looking back. I have just been talking about big words, no words, &c., but here are some for the M. D's: I wrote to Prof. of N. Y. for "dognose and treatment" as I seen him largely advertised and here is his reply: "After giving your case due consideration and consulting with my specialists relative to your case, it is our combined opinion that you are suffering from myasthenia, gastrica, enlargement of the liver, (but I suppose he meant enlargement) uric acid, diathesis, with neuralgia and rheumatic manifestations, irritable kidneys, posterior spinal sclerosis, sciatica and ascites." Now I am free to admit that I often lie but the above are or is gospel facts. When my private secretary read it to me instead of becoming alarmed I just remarked that a man that could bear up under that load for 3 years had a constitution like unto a Buffalo of the Rockies, and that a part at least of the other half of human ailments would have to take me before they succeed in their work. He laughed and said, "Buck, you are one—one of the few that were not born to die." Now some of these ailments must let loose before any noo ones can find room to hitch on; therefore I think I'll be here, for a short time at least plaguing the Repubs.

Thom Brown's horse got loose from him while at the teachers' association at Buckeye and lost his saddle. The finder will be rewarded, by giving information.

"The Secretary of War has received a letter from Noel Gaines Inspector General of the State of Kentucky. The author writes in vigorous protest against the argument of Inspector General Burton of the army in favor of the Canteen. The letter is a rambling production with the qualities of a temperance appeal and otherwise notably as containing the charge that the army officers are 'lawbreakers and hypocrites.' This allegation is based on the assumption that there exists at numerous posts officers' clubs where liquor is sold and where the immoral example excites the enlisted men to conduct that is 'revengeful, reckless and obstinate.' The protest would be ignored were it not for the fact that it comes from a man who has some standing in his home community, and who held a commission in the volunteer army during the war with Spain, and who later was a First Lieutenant of the Artillery arm, resigning from the military service in September, 1902. Gaines did fine service in the Philippines, where he unearthed the commissary frauds and played a prominent and effective part in the punishment of culprits. Afterward, while he was attached to the Inspector General's Department as a volunteer officer, he was instrumental in dealing with certain untoward conditions in Manila at a time when treachery was rampant, and it required nerve to tackle the secret offenders. It is understood that Gaines belongs to a family which is or has been largely interested in the distillery business in Kentucky, but that incident need not of course, make him ineligible as an agitator against the Canteen. Gaines bears a good reputation on account of his volunteer service, and that recollection is the only thing which saves him from being held up to 'ridicule' on account of a letter which does him no special credit, however. One is inclined to give him the benefit of the doubt."—Army and Navy Register.

CALFA POWERS, twice convicted of complicity in the assassination of Gov. William Goebel, twice given a life sentence and the last time the death penalty, stands today in the same attitude that he did when first arrested. Three times convicted and each time reversed by the Court of Appeals. Twice the case was reversed by a Republican Court and once by a Democratic Court. Who is so prejudiced and bias as to say now that it is a persecution and not a prosecution of Powers by the Democratic party in Kentucky? If the purpose of the Democratic party had been as some of the g. o. p.'s would have it; "Hang Taylor and dam the Republican party," why is it, that a Democratic Court did not hang Powers, when they could so easily have done so? Judge Barker, a democrat, wrote the majority opinion, remanding the case back to the lower court for a new trial.

LOGANSPORT, Indiana, has a church which is known as "the church built without cuss words." No carpenter was allowed to work on the building, who indulged in cuss words, and if every person who is given to such an inexcusable, unpardonable habit of taking the Lord's name in vain, were held under such restrictions, it would be a great blessing to our country. Cussing is an offense for which no offender should ever be granted a pardon.

Other changes are said to be contemplated, all effective January 1, 1905.

It is announced that David R. Francis, president of the Louisiana Purchase Exposition, is to make a tour of the world to repay the visit of foreign dignitaries and to express the gratitude of St. Louis and the National Government for the liberality of foreign nations as exhibitors. Plans for the tour have not yet been made, but it will begin in the spring, as soon as the affairs of the exposition company will permit.

The official figures for the attendance at the World's Fair were made public Monday. The total attendance was 18,741,073, and that of the closing day, December 1, 263,101. Recapitulation: April, one day, 187,793; May, twenty six days, 1,001,391; June, twenty six days, 2,124,339; July, twenty-seven days, 2,343,557; Aug. twenty seven days, 3,068,743; Sept. twenty-six days, 3,651,873; Oct. twenty-seven days, 3,622,329; Nov. twenty-six days, 2,517,451; December, one day, 233,101; total, 18,741,073.

St. Louis, (Special.) Dec 1. The World's Fair has made, according to police, fire and hospital reports, not only a creditable showing in the lack of crime and casualties, but as compared with the Chicago and Buffalo expositions, the facts and figures are remarkable. There was more crime committed on the opening days at Chicago and Buffalo expositions than throughout the whole period here. Pickpockets and highwaymen operated extensively in both places, while Chief of Detectives Desmond challenges anybody to cite a single instance where a professional pickpocket or a highway robber has operated within the big iron fence that circles the 1,240 acres of exposition property. Following are the police and fire records at the Louisiana Purchase Exposition: Number of cases treated at the Emergency Hospital, 6,921; number of deaths chronicled, 22; amount of property lost and stolen, \$3,000; total number of thefts reported, 362; total number of prisoners arrested, 1,260; number of children lost, 1,091; total number of fire alarms responded to, 102; false alarms, 4; alarms sounded by persons thinking boxes mail boxes, 15; total damage done by fire, \$40,000; amount of counterfeit money confiscated, \$252.

The undertaker—Oh, yes. And still a lot of people get well at that.

Old Samson was an actor great. Though dumb as a mule. An encore he did not receive— Yet he brought down the house.

N—Yes; they were of some value.

You'd die for me, you say, And your words strangely thrill My heart; but one question— Have you coin to pay my bills?

Old Lady—Doctor, for goodness sake tell me what it is that tears my body with pain.

Doctor—It's acute rheumatism, madame.

Old Lady—A cute rheumatism! Well, I think it's anything but cute.

Smith—Young Green lost all the money his father left him on the races, and is now looking for a job.

Smith—Oh, I don't know; he'll have a soft thing as long as he doesn't lose his head.

Sentimental Sue—I had three offers of marriage last week.

Tantalizing Tess—Then there must be some truth in that rumor.

Sentimental Sue—A rumor? Wh rumor?

Tantalizing Tess—That your rich uncle had made his will in your favor.

A teacher in a Texas public school received the following letter:

"Sir: Will you in the future give my son easier some to do at nite?"

This is what he's brought home two or three nites back; If fore gallons of here will fill thirty to bottles now many pints and half bottles will nine gallons of here fill?"

We've tried and could make nothin' out of it, and boy cried and laughed and said he didn't dare to go back in the mornin' without doin' it. So I tried to go and buy a nine gallon keg of here, which I could ill afford to do, and then we went and borrowed a lot of wine and brandy bottles. We filled them, and my boy put the number down for an answer. I don't know whether it is right or not, but we split sum while doin' it."

Sunday School Lesson for Dec. 11, 1904

Prepared by the "Highway and Byway" Preacher.

(Copyright, 1904, by J. M. Edson.)

LESSON TEXT.—2 Kings 17:24-18; Memory verses, 18-19. Read all of the chapter. GOLDEN TEXT.—The law of the Lord is against them that do evil.—1 Pet. 2:12. TIME.—It is quite generally agreed by scholars that the fall of Samaria occurred in 722, or early in 721 B. C. It was about six years after the last lesson. PLACE.—Samaria, the capital of Israel.

Introductory Note.

Following the Babylonian and Assyrian conquests, the history of Israel is one of rapid and desperate plunges towards destruction. In the hands of Assyria, in spite of God's warnings sent by His prophets, the nation perished not its wicked and idolatrous idolatry, and the judgments and prophecies of God were finally fulfilled. The time from the reign of Jeroboam II. and today's lesson was scarcely 60 years, and that time six kings ruled, four of whom were unprincipled, and the throne by intrigue and murder. For the Israelites' kings from Jeroboam II. to Hoshea, see introductory note to Lesson for November 20, or, better still, use your Bible and make out your own list.

The Lesson Outline.

THEME:—Sin and Its Punishment. I.—Judgment Fallen, vs. 6, 18. (1) The Human Agency, vs. 6. (2) The Lord's Overruling Providence, 1—God's Faithfulness, vs. 12. (3) Sent His Messengers. (4) The Message. II.—Seven Stages of Sin, vs. 7:12-14-17. First Step—Unbelief.—"Heard not the words of the Lord." vs. 7. Second Step—Worldly Conformity.—"Walked in the statutes of the heathen," vs. 8. Third Step—Secret Idol Worship.—"Did secretly those things that were not right against the Lord," vs. 9-12. Fourth Step—Stubbornness.—"They would not hear, but hardened their necks." They rejected His statutes," vs. 13, 15. Fifth Step—Open Idol Worship.—"They left all the commandments of the Lord, their God, and made them molten images." vs. 16. Sixth Step—Spiritualism.—"They used divinations and enchantments, mounts, v. 17. Seventh Step—Utter Corruption.—"And the house of Israel did as they had been taught." vs. 17.

Comparing Scripture with Scripture.

I.—Judgment Fallen.—Sin has run its course. "Sin, when it is finished, bringeth forth death." James 1:15. The Lord is merciful and gracious, slow to anger and plenteous in mercy. But as surely as night closes in on the longest day, so sin, unrepented of, persisted in at last seals the crushing force of God's judgments. For He will not always chide, neither will He keep His anger forever." Ps. 103:9. No sixth verse states explicitly that the king of Assyria took Samaria and carried Israel away," and vs. 18 declares that "the Lord removed them out of His sight." This double declaration emphasizes two things: (1) The human agency; (2) the Divine providence. Ps. 76:10.

II.—God's Faithfulness, vs. 12.—In the midst of the long enumeration of Israel's sins vs. 7-17 is injected this testimony of God's faithfulness. The mercy, if lost, perishes in spite of all efforts to save him. Ezek. 33:11.

III.—Seven Stages of Sin.—First Step—Unbelief.—"Heard not the words of the Lord," vs. 9-12. This may mean anything which usurps the place of God. Unbelief turns the heart from God.

Second Step—Worldly Conformity.—"Walked in the statutes of the heathen" (vs. 8). God calls His children to-day to separation from the world. 2 Cor. 6:17; Jas. 4:4; 1 John 2:15.

Third Step—Secret Idol Worship.—"Did secretly those things that were not right against the Lord," vs. 9-12. Ah, how many secret sins there are that are festering within, ultimately to break out in the open sore.

Fourth Step—Stubbornness.—"They would not hear, but hardened their necks." "They rejected His statutes" (vs. 13-15). We had unbelief as the first step away from God, then worldly conformity, then secret indulgence in the wicked practices of the world, and now stubbornness. Notice how the thirteenth verse, telling of God's faithfulness, follows the first three steps downward in the progress of sin, and that the fourth step marks the way in which they received God's messengers and His message. Stubbornness bars the gate to repentance and plunges the soul onward to certain destruction. Hear God's opinion of this sin. 1 Sam. 15:22.

Fifth Step—Open Idol Worship.—"They left all the commandments of the Lord, their God, and made them molten images." "They worshipped at the hosts of Heaven and served Baal" (vs. 16). Stubborn refusal to hear God's warning voice cuts the soul loose from all restraint. Rom. 1:21.

Sixth Step—Spiritualism.—"They used divinations and enchantments" (vs. 17). All the dark mysteries of the devil's devices are included here. It is the last step towards utter abandonment to evil. Paul speaks of "seducing spirits and doctrines of devils" 1 Tim. 4:1.

Seventh Step—Utter Corruption.—"And the house of Israel did as they had been taught" (vs. 17). Study Rom. 1:21-22 in connection with these seven steps in sin.

"The face of the Lord is against them that do evil." "God is a Spirit," and yet the Holy Spirit, in speaking of God to men, uses terms that are comprehensive and intelligent to the human mind. "The face" is against them means opposition, censure, condemnation. Evil cannot abide in God's presence any more than darkness in the pure light of the sun. The evil does the self-lover instead of the lover of God, is a rebel against God and the Lord's face is against him (Rom. 2:4, 5). But Jesus' blood cleanses from all sin, and turns the face of God in mercy towards the sinner. Read all of 1 Peter 2:12.

Her Father—So you want to get married, eh? Tell me why, pray? His Daughter—Oh, I suppose it's one of the traits I inherited from you and mother.

GAS.—A splendid flow of gas was found in well No. 2 of the Rockcastle development Co., Tuesday. The gas was struck at a depth of a little over 500 feet, or at about the same depths as in well No. 1. The two wells are only about one-half mile apart and every indication points that well No. 2 will be a stronger well than No. 1. The prospects for oil in well No. 2 are very flattering, and experts in the business, are confident that oil will be found. Striking of gas has created a good deal of enthusiasm, and even though oil is not found, it is more than likely several other wells will go down in search of gas which will be utilized in burning lime.

From chapel: "Our best friends are the ones who help us to be our best selves." "Modern education demands a sound body for the sound mind; hence much attention is given to physical training. It has been dis-

covered that the mere exercise of singing is a great help toward keeping the lungs in good condition, that it will prevent, cure, or ameliorate lung diseases. Statistics in Italy show that singers are long lived, and that brass instrument blowers who bring lungs and chest into unusual activity have not had a consumptive victim among them. No matter how thin or weak the voice young people should be encouraged to sing. If we, the hearers, must sometimes suffer, we will cheerfully bear the infliction in view of the good it may do."

AN EMERGENCY MEDICINE.

For sprains, bruises, burns, scalds, and similar injuries, there is nothing so good as Chamberlain's Pain Balm. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood poisoning is avoided. Sold by Chas. C. Davis.

The closing-day exercises at the World's Fair, attracted a large attendance. Addresses of farewell were delivered by Gov. Dockery and President Francis, of the Exposition Company. A silver service was presented to Mr. Francis by the management of the Fair. At 4 o'clock in the afternoon the exhibit palaces were closed and at midnight the lights were turned out and the Exposition came to a formal end. Secretary Stevens estimates that the Fair will pay out and have a small surplus left over. The attendance has been in the neighborhood of 18,741,073.

Sick Blood

Feed pale girls on Scott's Emulsion.

We do not need to give all the reasons why Scott's Emulsion restores the strength and flesh and color of good health to those who suffer from sick blood.

The fact that it is the best preparation of Cod Liver Oil, rich in nutrition, full of healthy stimulation is a suggestion as to why it does what it does.

Scott's Emulsion presents Cod Liver Oil at its best, fullest in strength, least in taste.

Young women in their "teens" are permanently cured of the peculiar disease of the blood which shows itself in paleness, weakness and nervousness, by regular treatment with Scott's Emulsion.

It is a true blood food and is naturally adapted to the cure of the blood sickness from which so many young women suffer.

We will be glad to send a sample to any sufferer. Be sure that this picture is the form of a label on the wrapper of every bottle of Emulsion you buy.

KEEP YOUR BLOOD CLEAN

THE KEY THAT UNLOCKS THE DOOR TO LONG LIFE.

The men of eighty five and ninety years of age are not the rotund well fed, and thin, spare men who live on a slender diet. Be as careful as he will, however, a man past middle age, will occasionally eat too much or of some articles of food not suited to his constitution, and will need a dose of Chamberlain's Stomach and Liver Tablets to cleanse and invigorate his stomach and regulate his liver and bowels. When this is done there is no reason why the average man should not live to old age.—For sale by Chas. C. Davis.

Wine of Cardui Cured Her.

213 South Prior Street, ATLANTA, GA., March 21, 1908.
I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no amount of eating to relieve, and losing my appetite I became weak and lost my vitality. In three weeks I lost fourteen pounds of flesh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman.

BEWARE OF COUNTERFEITS

"De Witt's is the only genuine 'Witch Hazel Salve' writes J. L. Tucker, of Centre, Ala. 'I have used it in my family for piles, cuts and burns for years and can recommend it to be the best salve on the market. Every family should keep it, as it is an invaluable household remedy, and should always be kept in hand for immediate use.' Mrs. Samuel Gage, of North Bush, N. Y., says: 'I had a fever sore on my ankle for twelve years that the doctors could not cure. All aches and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try De Witt's Witch Hazel salve, which has completely cured me. It is a wonderful relief.' De Witt's Witch Hazel Salve cures without leaving a scar. Sold by Mt. Vernon Drug Co.

GRIP QUICKLY KNOCKED OUT.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Eggleston, of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by Chas. C. Davis.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes Catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour rising, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.
